Wednesday, November 13, 2024

American Academy
of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

Delaware Chapter

DELAWARE
ACADEMY of
MEDICINE

DPHA
DELAWARE PUBLIC HEALTH ASSOCIATION

COURSE DESCRIPTION

The Robert O. Y. Warren, MD Memorial Seminar was established in honor of Dr. Robert Warren, an outstanding Wilmington pediatrician. Dr. Warren practiced from 1932 until his death in 1968 and was instrumental in forming both the Child Guidance Center and the Child Diagnostic and Development Center, of which he was president. As the physician for Tower Hill School and a member of the Wilmington Public School Board of Education, Dr. Warren was also very active in children's education.

The Delaware Chapter of the American Academy of Pediatrics, Delaware Academy of Medicine and Nemours Children's Hospital, Delaware co-sponsor this annual continuing education program to perpetuate Dr. Warren's memory. Dr. Warren left us with a legacy of devotion to the health and well-being of children which we strive to convey through this seminar.

The Robert O.Y Warren, MD Memorial Seminar is designed to provide primary care providers with information on pediatric medicine that can be used to improve their clinical practice.

LEARNING OBJECTIVES

At the conclusion of this program, participants should be able to:

- Cite new evidence on synthesizing patient characteristics in determining risk of Urinary Tract Infection (UTI) and the role of screening tests in diagnosis of UTI.
- Select new evidence on duration of treatment for UTI and new evidence on treatment of acute sinusitis.
- Recognize the role of a consultative pediatrician in the care of medically complex patient services provided by the diagnostic referral division to patients with diagnostic dilemmas.
- Identify important aspects about the infectious disease to apply to their general pediatric practice.
- Apply learned "pearls" to their diagnosis and treatment of pediatrics infectious diseases.
- List some common hematologic disorders and discuss the initial diagnostic workup and management.
- Review some important aspects in the current field of pediatric oncology with a focus on management of pediatric cancer survivors by the general pediatrician.
- Examine current guidelines to screen and monitor children at risk for type 1 diabetes.
- Recognize the role of continuous glucose monitoring and automated insulin delivery systems in type 1 diabetes management.
- Define common causes of insomnia.
- Apply strategies for management of insomnia in clinical practice.
- Discuss particular skin lesions in the primary care setting including pyogenic granuloma, spider angioma, mastocytoma, and pilomatrixoma.
- Identify and differentiate hyperpigmented plaques including acanthosis nigricans, confluent and reticulated papillomatosis, and terra firma-forme dermatosis.
- Describe the landscape of gender affirming care.
- Discuss affirming medical care with pubertal suppression, estradiol, and testosterone involved for gender diverse youth.

Faculty

PROGRAM DIRECTOR

Robert S. Walter, MD, FAAP

Pediatrician Brandywine Pediatrics
Clinical Associate Professor of Pediatrics
Sidney Kimmel Medical College
at Thomas Jefferson University

SPEAKERS

Featuring some of our past resident alumni

Michael Cellucci, MD

Attending Physician, Diagnostic Referral Division
Nemours Children's Hospital, Delaware
Associate Professor of Pediatrics
Sidney Kimmel Medical College
at Thomas Jefferson University

Brittany Foster, DO

Attending Physician, Primary Care / Gender Wellness
Nemours Children's Hospital, Delaware
Clinical Assistant Professor of Pediatrics
University of New England College of Osteopathic Medicine

Renee Gresh, DO

Attending Physician, Hematology/Oncology
Nemours Children's Hospital, Delaware
Assistant Professor of Pediatrics
University of Medicine and Dentistry of NJ
- School of Osteopathic Medicine

Maureen Leffler, DO

Clinical Assistant Professor of Pediatrics
Sidney Kimmel Medical College
at Thomas Jefferson University

Brynn Marks, MD, MSHPEd

Director of Technology of the Diabetes Center
Attending Physician, Endocrinology and Diabetes
Children's Hospital of Philadelphia
Assistant Professor of Pediatrics
Perelman School of Medicine of the University
of Pennsylvania

Neil Rellosa, MD

HIV Program Director

REGISTRATION DEADLINE: OCTOBER 30, 2024

FEES

The conference registration fee is \$120.

We will not be accepting mail-in registrations/checks.

REGISTRATION

Advance registration is required and should be received by October 30, 2024. All registrations received by this date will be confirmed in writing. Registration is limited and will be honored in the order of the date received.

CANCELLATION POLICY

A full refund will be given for WRITTEN cancellations received before October 30, 2024. No refunds will be given after this date.

DISCLOSURE POLICY

As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME), we must ensure balance, independence, objectivity and scientific rigor in all educational activities. In accordance with the Standards for Integrity and Independence in Accredited Continuing Education, all planners, teachers and authors involved in the development of CME content are required to disclose their relevant financial relationships that might be germane to the content of the activity. An individual has a relevant financial relationship if they have a financial relationship in any amount occurring in the last 24 months with an ineligible company whose products or services are discussed in the CME activity content over which the individual has control. We have policies/processes in place to mitigate relevant financial relationships. All relevant relationships will be mitigated.

General Information

LOCATION

This activity will be held in-person at the Nemours Children's Hospital, Delaware in Wilmington.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Nemours, the Delaware Chapter of the American Academy of Pediatrics and the Delaware Academy of Medicine. Nemours is accredited by the ACCME to provide continuing medical education for physicians.

Nemours Children's Health designates this live activity for a maximum of 6.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

A certificate of participation will be provided to other health care professionals requesting credits. Participants should ensure in advance that their credentialing or licensing organization accepts *AMA PRA Category 1 Credits™*.

American Board of Surgery Continuous Certification (ABS)
Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn credit toward the CME requirements of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

AMERICANS WITH DISABILITIES ACT

In accordance with the Americans with Disabilities Act, the Nemours Children's Health will provide modifications in teaching methodologies to accommodate individual needs. To request disability accommodations, contact the Office of Continuing Medical Education at least 15 days in advance of the program at 302.651.6750.

COMMERCIAL SUPPORT

This program may be supported in part by unrestricted educational grants in accordance with ACCME Standards. At the time of this printing, a list of commercial supporters was not available. Appropriate acknowledgement will be given to all exhibitors and supporters in conference materials at the time of the meeting.
