

Pediatric Skills Course for Delaware EMS Providers

Nemours Children's Hospital, Delaware

This is an intensive one day course designed for EMS providers who would like more experience in managing pediatric scenarios. We will provide hands on training in critical pediatric assessment and procedure skills. This will include pediatric specific airway management techniques, vascular access, immobilization, and resuscitation procedures. Using high fidelity simulation, this course will also focus on the crisis resource management skills needed to successfully manage a critically ill pediatric patient.

Learning Objectives

- Discuss the initial and ongoing assessment of the pediatric patient including system specific interventions
- Determine priorities of care for the pediatric patient
- Identify indicators of child maltreatment
- List unique features of the pediatric airway
- Use appropriate adjuncts to secure a pediatric airway
- Describe techniques to obtain vascular access in neonatal and pediatric patients
- Identify indicators of illness and injury in the pediatric patient
- Use appropriate medications in pediatric resuscitation
- Discuss the newest recommendations for pediatric basic and advanced life support
- Develop an approach to common and unusual pediatric illnesses encountered during transport
- Work effectively as a member and a leader of a healthcare team

General Information

Site: This program will be held in the third floor Lecture Hall and the Nemours Children's Institute for Clinical Excellence Simulation Center at Nemours Children's Hospital, located at 1600 Rockland Road in Wilmington, Delaware.

Accreditation: This activity has been submitted to the Delaware Office of EMS for approval to award 7.0 contact hours.

Disclosure: Nemours Children's must ensure balance, independence, objectivity, and scientific rigor in its educational activities. All faculty involved in the development of continuing education content are required to disclose their relevant financial relationships with ineligible entities. An individual has a relevant financial relationship if he/she has a financial relationship in any amount occurring in the last 24 months with an ineligible company whose products or services are discussed in the continuing education activity content over which the individual has control. Nemours Children's has policies/procedures in place to mitigate relevant financial relationships and their impact on educational content. All relevant financial relationships will be disclosed to the activity audience and mitigated.

Commercial Support: This program may be supported in part by educational grants in accordance with ACCME Standards. At the time of this printing, a list of commercial supporters was not available. Appropriate acknowledgement will be given to all supporters and exhibitors in conference materials the day of the event.

For more information, please contact Nemours Children's Institute for Clinical Excellence (NICE) at **302.651.6719** or **NICE@nemours.org**.
