COURSE DESCRIPTION

The Robert O. Y. Warren, MD Memorial Seminar was established in honor of Dr. Robert Warren, an outstanding Wilmington pediatrician. Dr. Warren practiced from 1932 until his death in 1968 and was instrumental in forming both the Child Guidance Center and the Child Diagnostic and Development Center, of which he was president. As the physician for Tower Hill School and a member of the Wilmington Public School Board of Education, Dr. Warren was also very active in children's education.

The Delaware Chapter of the American Academy of Pediatrics, Delaware Academy of Medicine and Nemours Children's Hospital, Delaware co-sponsor this annual continuing education program to perpetuate Dr. Warren's memory. Dr. Warren left us with a legacy of devotion to the health and well-being of children which we strive to convey through this seminar.

The Robert O.Y. Warren, MD Memorial Seminar is designed to provide primary care providers with information on pediatric medicine that can be used to improve their clinical practice.
