Green – Patient Safety Modules Grouping (QI 101-105, 201)

\*See American Board of Pediatrics Maintenance of Certification Accreditation Statement below\*

## Program Completion Policy

All participants are expected to be actively engaged in large group sessions, team meetings/project work, IHI modules, and complete both the pre-test and post-test. Missing more than 2 of the 11 sessions will jeopardize successful program completion and may result in program dismissal. By missing more than 2 sessions, participants will forfeit their graduation certificate and potential graduation gifts. Additionally, continuing education credits will be awarded commensurate to participants' active meaningful engagement. Please reach out to your mentor or to the program faculty for help if you are struggling to meet deadlines or deliverables.
