

Pediatric Emergency Medicine Skills Course for Pediatricians

Thursday, June 4, 2026
Nemours Children's Hospital, Delaware

This is an intensive one day course designed for pediatricians who would like more experience with pediatric emergency scenarios. This course is geared specifically for the pediatrician working in an urgent care setting or emergency department and also for the pediatric hospitalist who may be called upon to respond to an emergency. We will provide hands on training in critical pediatric emergency skills. This will include pediatric specific airway management and resuscitation procedures. Using high fidelity simulation, this course will also focus on the crisis resource management skills needed to successfully manage a critically ill pediatric patient.

Learning Objectives

- Discuss priorities of care for the pediatric patient
- Identify indicators of illness and injury in the pediatric patient
- List unique features of the pediatric airway
- Use appropriate airway adjuncts to secure a pediatric airway
- Review management of pediatric sickle cell emergencies
- Describe techniques to obtain vascular access in pediatric patients
- Use appropriate medications in pediatric resuscitation
- Discuss the newest recommendations for advanced life support in pediatric patients
- Manage complex children in the Emergency Department
- Develop an approach to common and unusual pediatric illnesses encountered in the Emergency Department
- Work effectively as a member and a leader of a healthcare team

General Information

Site: The program will be held in the third floor Lecture Hall and the Nemours Children's Institute for Clinical Excellence Simulation Center at Nemours Children's Hospital, located at 1600 Rockland Road in Wilmington, Delaware.

Accreditation: In support of improving patient care, Nemours Children's Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Nemours Children's designates this live activity for a maximum of **7.0 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure: No one in control of content for this educational activity has relevant financial relationship(s) to disclose with **ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

*As an accredited provider, Nemours must ensure balance, independence, objectivity, and scientific rigor in its educational activities. In accordance with the Standards for Integrity and Independence in Accredited Continuing Education, all planners, teachers, and authors involved in the development of CME content are required to disclose their relevant financial relationships that might be germane to the content of the activity. An individual has a relevant financial relationship if he or she has a financial relationship in any amount occurring in the last 24 months with an ineligible company** whose products or services are discussed in the CME activity content over which the individual has control. Nemours has policies/processes in place to mitigate relevant financial relationships. All relevant relationships have been mitigated.

**An ineligible company is defined as an entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. For specific examples of ineligible companies visit [accme.org/standards](https://www.accme.org/standards).
